

SPRING HAS SPRUNG AT THE COOP

April 5, 2022

What a delight to find these many seed art packs by the Hudson Valley Seed Company on the shelves. Each packet displays beautiful artwork by commissioned contemporary artists from around the United States to tell the story of the particular seed variety.

A photo essay by Rod Morrison

Choose your favorite seeds and start your planting with all the right ingredients available at the Coop.

The Mammoth Long Island Dill has been chosen by this Coop member for an indoor early planting.

Don't forget to stock up on protective gloves while working on your plantings.

And what would spring be without a change of décor? These lovely cotton towels are now available!

Spring has sprung
The grass has riz
I wonder where the
birdies is?
They say the bird is
on-the-wing
But, that's absurd!
The wing is on the bird.
