

## LETTER TO THE EDITOR

April 26, 2020

Just got home from shopping the 3rd time since the COVID crisis took our Coop and changed it—hopefully not irrevocably. I wanted to express my deep thanks to the entire staff of the Coop. Today my heart really went out to you and what all of you are doing so that we members can continue some aspect of our lives in a normal way. Meaning the ability to have access to the best food NYC can offer. If we could start a fund, I would have it so that we can send the whole lot of you away to a resort so that you can decompress when this ordeal is finally over. Those who can offer any kind of health services to the PSFC staff should be welcomed to do so. This has been a huge impact on all of us, but especially those in our immediate circle who have kept the ball rolling. Thanks so much.

*Regards,*
